OBJECTIVES

General purpose of equipping learners between 18 and 25 who aspire to work in organizations in defense of LGBTQI rights, with digital skills to combat homo-transphobic cyberbullying, through the pursuit of **objectives specific:**

1. Improve the digital skills of trainers for the identification of homo-transphobic cyberbullying acts;
2. Develop methods of intervention against the phenomenon to be transferred to the learners.

SAVE THE DATE!

A promotional graphic for Safer Internet Day 2024. On the left, a smiling smartphone character with a face, arms, and legs is pointing towards the right. It has a blue Wi-Fi signal icon above its head and is holding a small globe. To the right of the character, the text reads: "SAVE the DATE" in orange, "Safer Internet Day" in blue, "2024 | Tuesday" in orange, and "6 February" in blue. Below this, the website "www.saferinternetday.org" is listed in blue. At the bottom, there are logos for the European Commission, INHOPE, and insafe.
