

LET'S LEARN

LET'S LEARN

Project Reference: 2022-1-IT03-KA210-YOU-000081334

Programme: Erasmus+

Key Action: Partnerships for cooperation and exchanges of practices

Action Type: Small-scale partnerships in youth

CLOSING MEETING

- ❖ Project's key points
- ❖ Activities
- ❖ Main outputs
- ❖ E-Learning platform presentation
- ❖ Main resources
- ❖ Future plans

Objectives:

The project aimed at combating cyberbullying among teenagers by enhancing digital youth work.

Specific objectives:

- Increase the knowledge and skills of young youth workers to fight cyberbullying from an inclusive perspective;
- To promote the implementation of digital tools in the youth work practices

Impact:

The project strengthens a transnational network in which NGOs actively cooperate at European level in order to achieve a common goal. An interactive digital educational pathway has been realised on an e-learning platform in order to reach as many people as possible, both youngsters and adults, aware of the need to fight cyberbullying and develop digital well-being.

ROAD MAP

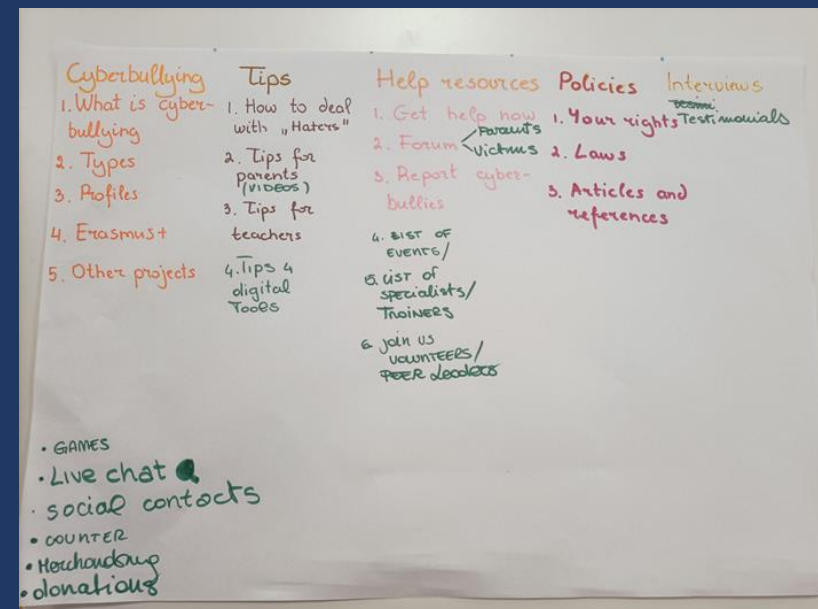

TRANSNATIONAL MOBILITY

ROME 04.03.2023

During the training day, 13 young people, guided by an expert facilitator, had the opportunity to explore the issue of cyberbullying and hate speech.

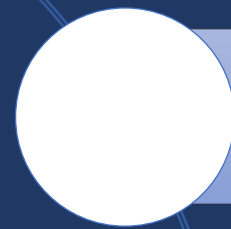

During the workshop, the participants were able to analyze the various facets of the phenomenon and the psychological implications in the victims. Participants were also able to put themselves in the shoes of victims of cyber bullying in simulations devoted to the analysis and construction of a solution to the phenomenon.

Furthermore, the participants focused on identifying the contents and structure of an online platform to support victims, parents and institutions which could be a tool for recognizing, preventing and fighting cyberbullying.
