Implementation of the roundtable

End of Day 1 - 18 June 2026

The roundtable and networking component foreseen in A003.002 was implemented at the end of the first day in a larger public setting at EUR Music Fest.

The networking refreshment was also held at the end of Day 1, together with this public stakeholder exchange.

Venue

EUR Music Fest
Via di Vigna Murata, 70
00142 Roma RM, Italy

Function

Stakeholder/VET dialogue, public dissemination and networking among organisations, professionals and project representatives.

Roundtable discussion framework

Questions used to connect the W.E.B. in Tech model with VET practice

Skills relevance

Which digital and communication competences are most relevant for employability in the Third Sector?

Validation

How can VET providers recognise practical evidence such as Project Works and competence dashboards?

Accessibility

How can training be made more flexible and accessible for women with migrant backgrounds and care responsibilities?

Transferability

Which parts of the training model can be transferred to other VET or non-formal learning environments?

Cooperation

How can VET providers, CSOs and employers cooperate around practical learning and career activation?

Sustainability

What mechanisms can keep the training pathway and materials active after the funded period?
